Policy Title: National Registration

Policy Statement
Swimming Natation Canada (SNC) maintains a national registry, including Provincial Section members, Special Interest Group members (High Performance Clubs, CSCTA, Athletes Council, PODC, MSC), Clubs, Swimmers and Coaches.

Purpose
National registration, guided and directed through a central point, is intended to make it possible for swimmers to make a smooth transition between clubs, developmental levels and governing jurisdictions. The national registration system data is tied to competition entries, results, rankings and records for the purpose of accurate and prompt postings.

Application
All Provincial Sections, Special Interest Group members, Swimmers and Coaches must register on an annual basis. An on-line database will be maintained by SNC for the purpose of Provincial Section, Special Interest Group members, Club, Swimmer and Coach Registrations under the supervision and accountability of the CEO or delegate.

### Provincial Section Swimmer and Coach Registration fees invoicing schedule

Swimming Canada will invoice the Provincial Section for the season’s swimmer and coach registration fees in April and October based on statistics as of March 31 and August 31 respectively.

Swimming Canada will invoice Masters Swimming Canada for the season’s registration fees. These fees are invoiced in October based on statistics as of August 31.
OPERATIONAL PROCEDURE AND RULES

NATIONAL ASSOCIATIONS PROCEDURE AND RULES

Purpose:
Whereas SNC embraces the concept of Associations as a means to exercise “economies of scale” in providing an enhanced training and competitive atmosphere for swimmers, it has been deemed appropriate that Provincial Sections will be tasked with reviewing their respective Association applications and ensuring annual compliance related to the Operating Structure.

Procedure:
The following procedures govern the formation, structure and function of Member Swimming Associations:

- Clubs and University teams must register with their PS as individual clubs
- Two or more Clubs and/or University teams may apply to their respective PS to form an Association
- A Club and/or University team may be a member of only one Association at any given time
- A registered Association will not be granted voting status within the provincial or national jurisdictions
- Athlete transfer procedures are not affected by the existence of an Association; however, swimmers moving within clubs in an association may still compete for the Association during the unattached period
- Provincial Sections will set their own annual association fees, payable no later than October 31st of each year, or upon approval of new Association status by the Executive Director / Technical Director

Operating Structure:

- Associations must be incorporated by their respective provincial jurisdiction as legal entities (a registered “not-for-profit” society or a “for profit” business)
- Associations must have signed, written agreements by the President and Head Coach of each program or club
- Associations must have a constituted Board of Directors and a formal decision-making structure
- A Technical Director or Consultant must be named whose role is to improve the quality of swimming in the Association; specifically, the Technical Director will create an annual plan that includes regularly planned Association training sessions, training camps, coaching education/mentoring opportunities, ancillary activities and a competition schedule, to be submitted to the PS Executive Director/Technical Director prior to September 30 of each year
- A Club and/or University team may join an Association at any time
- A Club and/or University team may not transfer or change Associations except after Summer Nationals and prior to September 30 each year
- A Club and/or University team may compete as an individual club/team, or their respective Association at any competition, but all swimmers of the program must compete as that entity for the entire competition

Annual Review:

- Associations will be reviewed on an annual basis by the Executive Director / Technical Director of the PS. The purpose is to ensure compliance to requirements stated in the Operating Structure. The Executive Director will give non-compliant Association(s) a three-month period to make the appropriate changes to their operating structure. Failure to comply will result in suspension of the Association.
Application Process:

When applying for status as an Association, the applicant must submit to the respective PS Executive Director:

- Proof that the Association is a legal entity within their province.
- A formal written agreement signed by the President and Head Coach of each Program.
- A list of the Association’s Board of Directors and Technical Director/Consultant.
- An outline of the Association’s formal decision making structure.
- An outline of the Association’s annual Training Plan, including: training opportunities, training camps, coaching education/mentoring opportunities, ancillary activities and a competition schedule.
- Expected results and Performance Measures for Years 1, 2 and 3.
NATIONAL CIS REGISTRATION PROCEDURE AND RULES

Purpose:

To register all varsity swimmers of University swim teams with Swimming Canada and allow SNC to issue a sanction for the CIS or CIS-affiliated swimming events.

Procedure:

- A Canadian Interuniversity Sports (CIS) swim team must register with SNC for the swim season through their provincial section. A provincial section may levy its own University team registration/affiliation fee in addition to any required SNC fee.

- All swimmers participating in a CANADIAN University program must register as a University-Varsity member with the University team through the SNC Registration database system. Those wishing to compete concurrently with their “home/age group” club must also register with the age group club as an Open-Varsity member.

University-Varsity:

The Varsity category is targeted for swimmers who will compete solely for their University Team at CIS affiliated competitions (CIS Champs, CIS Conference competitions, dual/tri meets between CIS teams, CEGEP and College Competitions) and in any SNC competition including SNC designated competitions. This membership category is valid from September 1 to March 31.

Open-Varsity:

Varsity swimmers wishing to compete for their home club at SNC competitions must register concurrently in the Open-Varsity category with their home club and in the University-Varsity category with the University team. This membership category is valid for the entire swim year (September 1 to Aug 31).

- Swimmers registered in the University-Varsity category that wish to train with a SNC registered club and compete in a SNC sanctioned meet after March 31, must register through the SNC registration database system in the Competitive-Open category and shall pay the appropriate SNC/PS registration fee. Should a swimmer register with a club other than the one previously registered with, a transfer shall be initiated.

- Varsity swimmers who are registered with only their University team may swim for their University team at competitions that have a competition start date of March 31 or prior. Varsity swimmers who are registered concurrently with both a University team and a SNC home/age-group club may swim for either their varsity team or their SNC home/age-group club, at competitions that have a competition start date of March 31 or prior. For competitions that have a start date of April 1 or after, the swimmer can only represent an SNC club.

- Swimmers attending an educational institution outside of Canada wishing to compete for their home Canadian club must register in the Competitive-Open Category.
Scenarios:

- Varsity swimmers wishing to compete for only their University team at CIS affiliated competitions and SNC competitions (including SNC designated competitions) from September 1 to March 31 must register in the University-Varsity category and pay the current SNC fee and the Provincial Section fee. (registration valid from Sept 1 to March 31)

- Varsity swimmers wishing to also compete for their home club at SNC competitions must register concurrently in the Open-Varsity category with their home club and pay the current SNC fee and the Provincial Section fee (valid from Sept 1 to August 31) in addition to the fees outlined in scenario 1.

- Varsity swimmers who have only registered in the University-Varsity category from September 1 to March 31 and then decide to compete in SNC competitions from April 1 to August 31 will register with an SNC club in the Competitive-Open category and will pay the current SNC spring fee and the Provincial Section fee.

NOTE: Only swimmers attending a Canadian University can register in either the University-Varsity or Open-Varsity category.
NATIONAL CLUB CODE PROCEDURE AND RULES

Purpose:

Whereas Swimming/Natation Canada has a desire to collect performance data for all members; and whereas SNC wishes to rank and/or display performance data from time to time as a member service; it is in the interest of the organization to represent such data as accurately and reliably as possible. To facilitate such a service, it has become important to standardize and regulate the use of “club codes” as part of the equation towards collecting consistent and reliable data.

Club Code Rules:

- All clubs currently affiliated with a Provincial Section (PS) and thereby a member of SNC shall already have a distinct “club code” to be used for the purposes of identifying such clubs through the common entry procedures as practiced in sanctioned competitions in Canada. It is the responsibility of both the entering club and the meet management to ensure this policy is adhered to.

- In the case of existing duplicate codes, the longest standing club will be given first right to retain the original club code. The second club will be offered alternatives or can suggest alternatives to be used provided that they do not create duplication. SNC must determine that the history of the second club’s results and swimmers will not be affected by the change of club code.

- New clubs may suggest or be assigned a code by the PS. The PS will be required to check with the National Registrar to determine if it is not a duplicate.

- Clubs wishing to change their name and code must apply to the PS requesting a new name and code which the PS will be required to confirm with the National Registrar that it does not duplicate any existing club code.

Club code abbreviations to be used for various allowable uses of UNATTACHED

UNCAN: Unattached Canada, club code designation for non-resident Canadians, registering directly with Swimming Canada for the purposes of competing at a Trials or selection competition

UNAB, UNBC, UNNL etc.: club code designation for registered swimmer during the 60 day unattached period for 2nd or subsequent transfers

UNVAR: club code designation for any/all University registrants complying with NCAA regulations while competing in an SNC sanctioned competition. This member must also be a registered member of a Canadian Age Group club, or in the case of SFU; be registered as University-Varsity between September 1 and March 31.

UNMQC, UNMSK, UNMNB etc.: club code designation for a Masters swimmer who does not register with a club, but registers directly with the PSO.

NATIONAL TRANSFER PROCEDURE & RULES

Purpose:
Whereas Swimming/Natation Canada has a vested interest in creating an environment where both clubs and registered individuals have reasonable opportunity to pursue success; and whereas SNC wishes to support the freedom of choice for a swimmer’s training opportunities within reason and in support of the club system, it has been deemed appropriate to apply a nation-wide Swimmer Transfer Procedure to govern the movement of swimmers club to club and province to province.

Transfer Procedure:
The transfer process shall act as a formal mechanism to terminate a swimmer’s affiliation with one club and to initiate his/her affiliation with a new club. It is intended to safeguard clubs and act as a preventative measure to dissuade swimmer recruitment and to serve as a method to resolve any financial conflicts/issues with a swimmer’s previous club.

- A swimmer may be registered with only one club and/or varsity team (a swimmer may be registered with a varsity team only or with both a club and varsity team from September 1 to March 31). A swimmer may represent only one of these entities at a time.

- A swimmer changing clubs at any time in the swimming season (September 1 to August 31) will complete the National Swimmer Transfer Procedures.

- A swimmer wishing to change clubs must make a request to the Club Registrar of the new club to initiate a transfer. An email transfer request is sent to the current (releasing) Club and the Provincial Section (PS).

- If the swimmer has no outstanding commitments (financial or other) to that club, the former club must release the swimmer.

- A transfer is effective after the date the approval is formally given by the Provincial Section.

- On the first transfer in the swimming season (September 1 to August 31), following approval by the releasing Club and PS, the swimmer may represent his/her new club.

- Second and subsequent transfers within the same swimming season (September 1 to August 31), following approval by the releasing Club and PS, shall be accompanied by a new 60 day unattached status period where a swimmer may not represent his/her new club in a competition (score points or swim in a relay) and must enter meets as “unattached” (i.e. UNBC, UNON, UNNS).

- A swimmer transferring to a club in another Provincial Section (PS) will pay the full provincial and any upgrade fees, if applicable, of the new PS. For transfers April 1st onwards, Provincial Sections have the authority to apply swimmer reduction fees. The SNC fee will not be charged twice.

Notes:
- These transfer rules apply only to transfers between Age Group Clubs. Swimmers moving between an Age Group Club and a University, Masters or Summer Club are not considered transfers.

- These transfer rules imply that the former club will be defined as the last club that the swimmer was registered with; irrespective of how long ago the swimmer was registered with that club.

- A swimmer who has been suspended by the Club, Province or SNC will follow the National Suspended Swimmer Procedure.

Procedure for members-in-good-standing of a suspended club to transfer clubs

- Members-in-good-standing of a suspended club are eligible to transfer to another club as per the National Transfer Procedure.
The transfer of a member-in-good-standing of a suspended club is initiated by the receiving club. In this case the Provincial Registrar has the authority to process the transfer.
NATIONAL REGISTRATION PROCEDURE AND RULES - CROSS PROVINCE SWIMMER REGISTRATION

Purpose:
Whereas SNC wishes to support both the choice for a swimmer’s training opportunities and provincial jurisdiction related to membership, it has been deemed appropriate to apply a nation-wide Cross-Province Registration Procedure to govern the registration of swimmers from one province to a club in a non-resident province. The National Swimmer Transfer Procedure must be complied with for all potential cross-province swimmer registrations involving the transfer of a registered swimmer or a formerly registered swimmer.

Cross Province Swimmer Registration Operational Procedure:
This procedure shall act as a formal mechanism to initiate a swimmer registration with a club from a different provincial jurisdiction than their permanent provincial residence.

- Swimmers wishing to register or transfer to a club in a different provincial jurisdiction from their permanent residence must provide notice of their intent to the National Registrar and the Provincial Registrar of their home residence.

- Swimmers wishing to register or transfer to a club in a different provincial jurisdiction must be a member-in-good-standing in the province in which they are currently registered with and must demonstrate that the majority of training shall be on-site with the new club. An email from the Head Coach of the “receiving club” outlining the on-site training expectations to both the national and provincial registrars shall fulfill the requirement. Pending successful proof of this requirement, the registration or transfer request shall not be unreasonably withheld.

- Swimmers wishing to register or transfer to a satellite program of a club in a different provincial jurisdiction shall only be considered if the satellite program and the root club are within 100km of one another.

- Swimmers who cannot demonstrate that the majority of training will be done with the proposed new club will be denied the opportunity to register with that club/province.

- Age Group swimmers from a geographic location where the closest affiliated SNC club is in a different provincial jurisdiction; and where the closest affiliated club in the swimmer’s home provincial jurisdiction is greater than 100 km away; may apply to the national registrar for consideration.

This Procedure does not apply to the following situations where specific SNC rules shall govern:
- Swimmers competing in the CIS/NCAA.
- Swimmers enrolled in a graduate studies program and who are post CIS/NCAA eligible.
- Swimmers who are Canadian citizens and permanently residing outside of Canada.
- Swimming Canada High Performance Centres or Swimming Canada Intensive Training Program
- Masters swimmers
NATIONAL SUSPENDED SWIMMERS PROCEDURE AND RULES

Purpose:
Whereas Swimming/Natation Canada has a vested interest in creating an environment where both clubs and individuals have reasonable opportunity to pursue success; and whereas SNC wishes to support disciplinary actions imposed by the Clubs and the Provincial Sections on its members, it has been deemed appropriate to apply a nation-wide Suspended Swimmer Procedure.

Suspender Swimmer Procedure:
The Suspender Swimmer process shall act as a formal mechanism to support disciplinary actions imposed by a Club or Provincial Sections on their members.

- Clubs who have suspended a member from entering competitions must email the Provincial Registrar, who will consult with the Provincial Section ED and/or Board. The Provincial Registrar has the authority to activate the swimmer’s suspended status in the membership database.

- A swimmer with a suspended status will be prohibited from entering a sanctioned competition.

- A swimmer with a suspended status will retain his/her training privileges and is entitled to insurance privileges unless otherwise noted in the terms of their suspension.

- A swimmer with a suspended status wishing to change clubs must make a request to the Club Registrar of the new club to initiate a transfer. The Club Registrar of the receiving club must provide notice of their intent to the Provincial Registrar. The Provincial Registrar has the sole authority to initiate this transfer and will do so only after discussion with the current (releasing) club.

- Once the swimmer’s suspended status is removed by the club, a club official must email the Provincial Registrar who will consult with the Provincial Section ED and/or Board and has the authority to remove the suspended swimmer status.

- The suspended swimmer status will not be carried over from one swimming season (September 1 to August 31) to the next.

- The specific terms of a suspension could affect the basic suspension terms listed above.
