

MASTERS SWIMMING BULLETIN - April 2020

In these quickly evolving times please note that Swimming Canada is following the directives from the Government of Canada and provincial governments restricting gatherings. To respond to this directive Swimming Canada has cancelled all of their national events in 2020 including the Canadian Masters Swimming Championships in May. Please see the official press release HERE .

In the interim, we continue planning for our Masters Community; monthly challenges, the 2020-2021 season, new events, an updated web page, club and pool locator along with a distance tracker.

We encourage all of you to practice government safety measures including self-isolation, physical distancing, hand washing and all other recommendations.

Swimming Canada will continue to communicate with it's members encouraging a healthy lifestyle during these difficult times.

Be well, be safe and look out for one another.
