SAFE SPORT

Swimming Canada believes that athletes, coaches, officials, support staff and volunteers have the right to participate in a safe and inclusive sport environment that is free of abuse, harassment and discrimination.

Swimming Canada is dedicated to providing a safe and inclusive environment, which involves promoting Open and Observable Environments. This means making meaningful and concerted efforts to avoid situations where a coach/official/staff member, etc. might be alone with an athlete. All interactions between an athlete and an individual who is in a position of trust should normally, and wherever possible, be in an environment or space that is both 'open' and 'observable' to others.

All participants in this event are reminded that they are bound by Swimming Canada's Policies and Procedures, including but not limited, to the Code of Conduct and Professional Ethics, the Equity, Diversity and Inclusion Policy, and the Harassment Policy. For Information regarding the Swimming Canada Safe Sport Program please visit the Swimming Canada [website](#).

Swimming Canada would like to remind coaches and their athletes that deck changing is strongly discouraged. Athletes are asked to please use the facility's change rooms, or on-deck changing tents if available. Coaches are asked to also discourage deck changing and help keep the sport safe for everyone involved.

- **Check your medications:** Use the Global DRO (<http://www.globaldro.com/>) to determine if any prescription or over-the-counter medications or treatments you are using are banned by the WADA Prohibited List.
- **Review your medical exemption requirements:** If you require the use of a banned medication for a legitimate medical reason visit (<http://cces.ca/medical-exemptions>) to obtain information and instructions about how to apply for a medical exemption.
- **Learn about the doping risks associated with supplements:** Do not use supplements, or take significant precautions prior to doing so. Supplement products cannot be verified by the CCES or in the Global DRO. A lack of industry and government regulation makes it impossible to confirm their ingredients. Find out more at <http://cces.ca/supplements>.
- **Review the sample collection procedures:** This short video will take you step-by-step through doping control (<http://cces.ca/sample-collection-procedures>).
