MIXED-GENDER:

An exemption from the requirement to swim events in gender separated events due to limited time, developmental opportunities or facility requirements and/or due to a missed swim, where on an exception basis, a referee agrees to have the swimmer swim with a heat of an opposite gender event.

In spite of these exemptions, any swimmer who achieves a record time at a competition that recognizes records at any level (regional, provincial, national etc, whether age group or open) will not be recognized for that record unless the coach has advised the referee prior to the start of the session that there is a possibility of the record being broken, and the referee insures that the swimmer competes with competitors of the same gender for his/her heat.

In the event that mixed gender swims are permitted, the results must still be posted separately by gender of swimmers.

Any gender combination of swimmers is allowed for relays and the results will not be uploaded to Swimming Canada.
